High School Diploma

Skills

- Great knowledge of Adobe Photoshop, Adobe Premiere, Adobe Flash, Microsoft Word and Excel
- Have knowledge of XSI: Softimage, Dreamweaver
- Proficient in 3ds max 7, Adobe After Effects
- Produced a short 4 minute grad film including these steps: research, design, concepts, scripting, storyboarding, leica reel, animation studies, layouts, animation, colouring, final rendering, editing, sound, advertising
- Great knowledge of basic and advanced animation principles: squash and stretch, timing and motion, anticipation, staging, follow through and overlapping action, straight ahead action and pose-to-pose action, slow in and out, exaggeration, secondary action, appeal

Work Experience

Sherrit Coal Valley Mine, Edson, AB (05/2008-08/2008)

Plant Trainee (Heavy Machinery Operator)

- Worked 4 day shifts, 12 hour days and nights. Performed operator duties as a heavy operator which involved a fast paced working environment and responsibilities for the machines in that area.
- Made sure that the equipment is working properly with routine checkups.
- When the plant goes down due to certain circumstances, I had to rush to the scene and solve the problem at hand.
- Worked together with the same crew every shift while gaining team work experience.

Luscar Coal Valley Mine, Edson, AB (summers of 2005-2007)

Plant Trainee (Breaker Building Operator)

- Worked 4 day shifts, 12 hours days and nights. Operated the breaker area that involved learning the equipment and the technical aspects of the area.
- Worked together with the same crew every shift while gaining team work experience.

Luscar Coal Valley Mine, Edson, AB (05/2004-08/2004)

Lab Technician

- Worked 4 day shifts, 12 hour days. Collected samples from the plant, tested the samples and phoned in numbers to the plant for quality of the coal.
- Experience with organization and time management.
- Experience with new changes.
- Able to listen to instructions and act them out.

Other Artistic Experiences

- Edmonton Youth Orchestra: played the French horn, had to audition to the conductor (competitive), had to travel each Saturday (2 hours each way), worked with the orchestra, dealing with instructions and following them, practiced hard on my own time (responsibilities)
- Air Cadet honour band: had to audition to get in (very competitive), travelled across Canada and performed in each western province, dealt with a large workload, practiced everyday (responsibilities)
- Dancing: from ages 6-14 I performed and practiced in different types of dancing (ballet, lyrical, jazz, tap, contemporary), had to work in groups of people, team player

Personal Experiences

- Draws every day, enjoys watching and studying the acts of movement
- An avid player of different types of video games.
- Absolutely loves character animation and character design.
- Very creative with storytelling.
- Has a wide active imagination.
